## >2005–2007<

In 2006, Slovak audiovisual culture experienced a historical paradox. For the first time in sixty years, not a single feature film, produced with Slovak majority, was premiered in the movie theatres. On the other hand, in 2006, the greatest amount of public funds was allocated to support the development and production of films as well as other activities in the field of audiovision; the sum of almost SKK 175 million [EUR cca 5.3 mil.] was distributed within the grant system of the Ministry of Culture [program "AudioVision"] representing an annual increase of about 84 %. The Slovak public service channel STV also joined the game by developing several dozens of documentaries, one feature TV movie, and by co-producing five feature film projects. Production of the most expensive project in the history of not only Slovak, but also Central European cinema has begun in full force [**BATHORY** by director Juraj Jakubisko]. A number of exceptional works by students of the Film and Television Faculty of the Academy of Performing Arts [VŠMU] in Bratislava has been presented in Slovakia as well as abroad. Last year saw the birth of several interesting documentaries [**INÉ SVETY – OTHER WORLDS**, **MY ZDES – HERE WE ARE**], which were, for a short while, also screened in movie theatres at home and abroad. For the first time, the Slovak Film and Television Academy, awarded its annual National Film Awards. The essential renewal of audiovisual heritage has been successfully continued by the Slovak Film Institute, and the collection of ten Slovak films from the 80's issued on DVD has recorded major market success. Last but not least, the new government with Minister of Culture Marek Maďarič has clearly declared a strong support for Slovak film culture and industry and the establishment of an audiovisual fund as one of his priorities in the field of culture. Thus, it appears that after more than 15 years of looking for creative orientation and systemic solutions, Slovak cinema might, finally, experience better times. From the viewpoint of creativity, producers or entrepreneurs and also international cooperation [**MEDIA**, Eurimages, bilateral coproductions] there is sufficient potential. Still missing, however, is the necessary infrastructure for film production, in particular high-tech

camera equipment, film laboratories, modern studio technologies and also technologies necessary for film digitalization. Even though the Slovak audiovisual market [integrated with a tax system in Slovakia] is ready for such investments, on its own, i. e. without the participation of strategic investors and without the support or assistance from the state, it would not be able to make appropriate use of them at the necessary level. In addition to solid financial resources for film culture and cooperation with television broadcasters in the local audiovisual production, this is one of the reasons why we need further systemic solutions in order to guarantee continuous long-term development. Considering tradition as well as current potential, the Slovak film industry certainly deserves such opportunities.

# >SLOVAKIA<

Slovakia is a small country in the heart of Europe. After a long period of common history shared with Hungary within the Austro-Hungarian Empire, followed by the common state of Czechs and Slovaks – Czechoslovakia, the Slovak Republic became an independent state in January 1993 and joined the European Union in May 2004.

It borders on Austria, the other three Visegrad countries: Czech Republic, Hungary and Poland, and the Ukraine.

Except for the sea, one would find almost everything here for travelling, making business and, of course, filmmaking. Slovakia has a moderate climate with characteristic changes of season. Danubian Lowlands spreading in the south of the country cover 11 % of the territory. They are the driest and warmest areas of Slovakia. Mountains cover the north-western and northern parts of the country, namely, the Carpathian Mountains with the High Tatras as the highest alpine range and Gerlachovský štít [2.655 m] the highest peak. Two of numerous Slovak caves are included in the UNESCO list of the world's cultural and natural heritage.

The Danube is Slovakia's most significant and main navigable river connecting the capital city Bratislava with Vienna and Budapest. The longest river is the Váh with 406 km. The Bodrog river represents also the lowest point of the country.

Slovakia is famous for its wide variety and huge number of castles and chateaus representing different historical periods and styles. The Spiš Castle, one of the largest castle compounds in Europe, also belongs to UNESCO sites. The Bratislava Castle, Devín Castle, Červený kameň Castle, Čachtice ruins, are just a few of Slovakia's popular shooting locations.

Bratislava is the capital of the Slovak Republic and the major city of the country. With its importance, size, history and architecture, it complements the most significant capitals of the region, Prague, Vienna and Budapest.

Alongside a wide range of possibilities, with its rich natural, historical and cultural heritage, Slovakia offers its visitors an especially warm welcome from the locals. They probably won't let you go unless they make you taste their delicious wine, strong liquor or some unique kinds of sheep cheese.

## BYE BYE HARRY ZBOHOM, HARRY!

2005 << 35 MM << COL. << 90 MIN. << SHOT ON KODAK

Bye Bye Harry is a modern romantic slapstick comedy. Ian and Emma are charming and crazy and they struggle with their comic destiny, stumbling over obstacles standing in the way of true love, before they enter the hearts of their audience. They strive for success and maturity, but they get entangled in grotesque situations. Harry Hackett, a Charlie Chaplin-like comedian, is Ian's nightmare – Ian seems to resemble him in things exceeding the rocking way of walking or big glasses. His ambitious, adventurous business schemes always lead to benefit others than himself.

### LUNACY ŠÍLENÍ

2005 >< 35 MM >< COL. >< 118 MIN. >< SHOT ON KODAK

This philosophical horror story draw inspiration from two short stories by Edgar Allan Poe: The Premature Burial and The System of Dr. Tarr and Prof. Fether. Young Berlot is haunted by a recurrent dream in which hospital orderlies attempt to bind him in a straitjacket. The dream ends with his waking up in a demolished room. After his mother's funeral, at an inn Berlot meets a marquis and accepts his invitation to his palace. One night, he witnesses an orgy in the palace chapel. A young woman is being forced to participate and she captivates Berlot to such a degree that he decides to leave the palace at once. The marquis, however, falls into a cataleptic fit and seems to die. The nobleman's servant makes Berlot seal the coffin. The next day, they find the marquis feasting in the family vault. He too is guarding a secret and suggest a therapy for Berlot, which should put an end to his troublesome dream.

2005 >< 35 MM >< COL. >< 100 MIN. >< SHOT ON KODAK

Peter is a young man who is supposed to have his life under control. But everytime, not by his fault, he finds himself in the vortex of absurd situations which interfere with his love-life and his initially promising career of an air controller. Neither Peter's parents are normal. Mother is obsessed with charity. She bombards victims of wars and natural disasters all over the world with her packages of used clothing. Father, who once with his deep charismatic voice was recording commentaries to the socialist weekly journals, now with a touching bewilderment staggers through the new times of freedom...

A random phone call and a bit of black magic together unstoppingly spin a carousel of comic situations full of absurdities of everyday, ordinary madness...

## I SERVED THE KING OF ENGLAND OBSLUHOVAL JSEM ANGLICKÉHO KRÁLE

2006 << 35 MM << COL. << 120 MIN. << SHOT ON KODAK

Bohumil Hrabal's book I Served the King of England is among the pinnacles of his body of work. Mirrored in the fate of a young Czech waiter's life are the hopes, conflicts, dramas, and defeats of Czechoslovak history in the last century. Based on that book, director Jiří Menzel presents a film about a man in the twilight of his life seeking images of the era he has lived through. About a man who yearned to fill his life with wealth and beauty no matter what the circumstances, a man whose luck always lay in his encountering some misfortune.

## OTHER WORLDS INÉ SVETY

2006 >< 35 MM >< COL. >< 78 MIN. >< DOCUMENTARY

Šariš in eastern Slovakia is a very specific border region between Eastern and Western Europe. It is situated between rational individualism of the West and expressive emotionality of the East. The territory at the foothills of the Eastern Carpathian Mountains has its historical roots in a diverse combination of minorities and religious creeds, which made it grow into a "little Babylon". Europe is transforming and so do the lives of its people. This documentary follows the progress of globalization and its effects on individual lives of the people of Šariš. The film introduces six different characters representing their respective communities. They include Šarišans, Ruthenians, Jews, Gypsies, as well as young people of different identities. The film explores the last days of traditional diversity in local communities, and seeks the beauty of the original, authentic, and interesting individual. People from the Šariš region are often called the "crazy Easterners". OTHER WORLDS visits six of them at one of the ends of the world, at an end of the globalized world. They are products "made in Šariš".

### TEPUY TEPUY

2006 >< BETACAM [35 MM IN PREPARATION] >< COL. >< 72 MIN. >< DOCUMENTARY

Tepuy is a full-length film about an expedition of cave explorers to the inaccessible tabletop mountain of Chimanta in Venezuela. This story of adventure is set on islands of time where ancient plants and animals survive to this day. In a gigantic subterranean labyrinth made of the oldest minerals in the world, colonies of bizarre organisms created the largest quartzite cave. This film is an expedition to the vault of time which makes men feel like aliens, and ask the most fundamental questions about the origin and mysteries of life on Earth.

## BATHORY

2007 >< 35 MM >< COL. >< 120 MIN. >< SHOT ON KODAK

The gruesome tale of Countess Bathory, notorious yet obscure, has been recounted by historians and people in the arts for centuries. Tradition has it that Countess Bathory was the greatest murderer in history, as documented by an entry in the Guinness Book of Records. The plot of my film diametrically opposes the established legend and I portray her as a renaissance woman destroyed by rumours. After I researched historical documents, I decided to make a story reflecting real dates and facts and I only engage my imagination where historical evidence is not available. It is neither a horror story, nor boring historiography. Rather, it is a thriller about district administrator Thurzo, Elizabeth Bathory, and her unfulfilled love for a famous Italian painter. The idea and the intention are simple. It is easy to become a victim of rumours and scheming. But it may take centuries to set the story right again. [Juraj Jakubisko, director]

## THE BORDER HRANICA

2007 << BETACAM [35 MM IN PREPARATION] >< B&W+COL. >< 90 MIN. >< DOCUMENTARY

During the night of August 30, 1946, the village of Slemence on the eastern European border, was divided by the Red Army into two parts. One part, Veličke Slemence, remained in Slovakia [former Czechoslovakia]; the other part was renamed Malé Slemence and became a part of Ukraine [in the former Soviet Union]. The absurdly demarcated border, similar to the famed Berlin Wall, divides estates, a cemetery, and closest families up to this day. This documentary pictures the bitter experience of people from Slemence, who dream of the opening of the most closely-watched border of the European Union.

Here he believes to have finally found the place where nothing happens and where there is not much to do. He gets to know the locals, who are all simple people with their dreams and secrets. He also meets the local beauty and so begins the story of love, betrayal, death, search for truth and all things invisible yet important in our lives.

## DEMONS DÉMONI

2007 >< 35 MM [BLOW UP FROM DV CAM] >< COL. >< 110 MIN.

Three stories about three women. Christmas is different for each of them this year. Soňa, a nurse, discovers the beauty of falling in love. In front of a blue screen of television, she gets carried away by fantasies. Dáša, a waitress, runs away on New Year's Eve to an abandoned national park. She wants to escape from the world in the arms of a stranger. But here she has to make a difficult decision. The last one is the story of Klára. It is a story of a relationship that no longer works, a husband, who seeks things other than love, and fools, who want to be loved. It all takes place here, in the heart of Europe, where on Christmas Eve, Klára finds reconciliation with herself and her demon – the desire to love.

## DISINTEGRATION POLČAS ROZPADU

2007 >< 35 MM >< COL. >< 100 MIN.

A tragicomedy from modern city life about the disintegration of relationships, lack of security, the split of a marriage, and the disappearance of basic decency. Viktor, a man in his forties, in his "worst years", happens to save a young woman from committing suicide. As it turns out, the saved woman is a photographer and she was not trying to take her own life. Rather, she was taking a picture of herself reflected on the surface of the Danube. Viktor falls in love with her, while his wife Karla seeks refuge in drinking, in the arms of her ob-gyn doctor friend, and in her visits to the local medium. Viktor gets entangled in the imbalanced relationship with the aggressive young woman, yet it does not help him find lost youth. It is a dark comedy about people in their forties who now have the money, still listen to rock'n'roll, and switched drugs for mobile phones.

## FACING THE ENEMY ROZHOVOR S NEPRIATEĽOM

2007 <> 35 MM <> COL. <> 90 MIN.

A historical genre feature set in war times, based on the story written by Leopold Lahola and its stage adaptation by Peter Pavlac. The story takes place against the background of snow-covered hills in winter at the end of the Second World War. The plot follows the memories of the character of Soldier – a partisan who is investigated by a Russian Commissary – and he tells the story of his imprisonment. German officer Helmut Kampen is leading the prisoner with a small German troop. But the Soldier manages to escape and the Commissary tries to find out, how it happened, how is it possible that the Germans did not kill him, and he accuses his officer of collaborating with the enemy. The film presents a non-traditional, modern picture of a historical theme.

## MUSIC MUZIKA

2007 >< 35 MM >< COL. >< 105 MIN.

Not far from a big city, just a few steps from the border of an evil capitalist country, in the boonies from where all roads turn back to nowhere, there begins a story about a story about a chap who hoped that music will help him get on a sunny side of life but instead he let his music go down the drains. It is also a story about his friends, desires and dreams of freedom which was one of the most precious, best guarded and least accessible values in the Czechoslovakia of the 1970s and 1980s. Where could he find it?

## RETURN OF THE STORKS NÁVRAT BOCIANOV

2007 >< 35 MM >< COL. >< 96 MIN. >< SHOT ON KODAK

A story of Vanda, a young flight attendant, who feels a constant urge to fly, this even in her private life, where she often lacks firm ground under her feet. She runs off to an old village and moves in with her grandmother. Her new life brings new adventures that evolve into trade with human fate. This journey makes Vanda reconsider her roots so that she can go back to her own life knowing she has a home. The film aims at establishing a cross-cultural dialogue in the region, which seems to be unimportant yet it reflects issues present all over Europe. Another major contribution of the film is the confrontation of German and Slovak past and present.

## ROMING ROMING

With Stano, a temperamental family friend, they set out on a journey across the country in an old ramshackle van.

It is very often difficult for us, who can see, to find true fulfillment and happiness in the world. The more complicated is this journey for the seeing-impaired. Their perspective of the world is in many ways much more essential and sincere, and it often reveals the "invisible dimensions" of the world. This film brings four unique stories about love among the blind and the various forms it can take.

A story about family relationships revived by love.

Marta and Jozef have four children. When Marta isn't busy working at the bakery, she spends all her energy taking care of the children. Jozef is forced to travel to Prague to find work. He is torn from his family physically and emotionally and finds the way back difficult. The oldest daughter Lenka has just fallen in love for the first time with Karol, a university student. Her brother and his friends entertain themselves by spying on local lovers in an old barn. Nine-year old Katka is jealous of the youngest child, Milka, and fights for her mother's attention. The story begins at the moment when Marta tells Jozef that she is pregnant again with a fifth. The events that follow test every member of the family's patience, strength and ultimately their love for each other.

## THE MAGICIANS' WINTER ZIMA KÚZELNÍKOV

2006 << HDCAM >< COL. >< 77 MIN.

A film about the unrepeatable Last minute... when it seems to us that we waste our time too much, when it flows too quickly. A lively 60-year-old Koloman, his old friend Chepelkin, his daughter Biba, and his future son-in-law are biased towards silly things and illusions. Despite that they do not loose their humanity! The only thing left from the bargain grave is an adventurous voyage on the Mediterranean or the crazy plan to gain money by robbing a post office, is the last chance of their lives. After The Fourth Dimension this sad and funny story about the last chances is the second cooperation of scriptwriter Jozef Puškáš and director Dušan Trančík.

It is a documentary about a noble film palm which grew in the 1960s within the Czechoslovak new wave and died from the so-called communist normalisation. The film is a bonus on the 2 DVD Elo Havetta Collection.

The current world is full of stories for sad documentaries full of pain. These films have their merit showing the evil and wrong that is being done. Documentary film Slovak Fairy Tales tries to be different. It captures one of the saddest areas of life – children work, but the small characters of the film will be presented as any of their peers, with children games, dreams and fairy tales. They live sixty kilometres from Oradea a town in the Bodnoš region, in Romania. Children show the viewers that the desire to live and to live the life as fully as possible is embedded in the heart of each and every one.

## GRANT SYSTEM OF THE MINISTRY OF CULTURE OF THE SLOVAK REPUBLIC

In 2006, the Ministry of Culture of SR allocated SKK 150 million for the program AudioVision 2006 [in the year 2005 the Ministry of Culture of SR distributed funds of SKK 85 million]. In the course of the year, the Minister of Culture extended the budget by extra SKK 25 million. After the adjustments, the program AudioVision disposed of a total amount of SKK 174 941 000.

During the year, several subjects benefiting from financial support announced that some of the projects cannot be realized [whereas the allocated funds had to be refunded]. By December 31, 2006, the real balance of distributed funds reached SKK 166 041 000.

A committee of nine members operated in a renewed formation and in the course of four meetings reviewed projects from two selection rounds [December 13, 2005 and April 4, 2006]. The principles of the program remaining the same for three years, the Ministry of Culture of SR asserted on strict criteria for project application. 73 incomplete projects had to be withdrawn from the selection. For the first time, the projects were registered electronically. There were a total of 270 projects [202 in 2005] in eight sub-programmes; 120 [81 in 2005] were granted support:

- << Creation and Development of Audiovisual Works: 61 projects [of which 23 succeeded],
- << Production of Audiovisual Works: 78 projects [32],
- << Production of Full-length Films for Theatrical Release: 30 projects [12],

- << Postproduction and/or Distribution of Audiovisual Works: 33 projects [17],
- << Minority Co-production of Full-length Films for Theatrical Release: 16 projects [6],
- << Distribution of Foreign Audiovisual Works: 7 projects [5],
- << Events, Educational Activities and/or Presentation of Audiovisual Works: 39 projects [23],
- << Publishing Activities in Audiovisual Industry: 6 projects [2].

Due to a special decision of the minister, the following projects were also granted financial support: **BATHORY** [dir. Juraj Jakubisko] – SKK 20 million, **IFF BRATISLAVA** [8<sup>th</sup> edition] – SKK 8 million, **SLNKO V SIETI 2006** [Slovak National Film Awards] – SKK 795 000 and **TRINEC FILM SUMMER 2006** – SKK 46 000.

The projects **DLHÝ, ŠIROKÝ A BYSTROZRAKÝ** [THE TALL MAN, THE WIDE MAN AND THE SHARP-EYED MAN] under sub-programme 3.3, **PAPIEROVÉ HLAVY** [PAPER HEADS] under sub-programme 3.4, and **ANNA** [LOVING HELL] under sub-programme 3.5 were selected for funding, but the applicants gave up the allocated grant. With the project **BABIČKA** [GRANNY] under sub-programme 3.2, the grant was refunded.

The financial grant system is a temporary solution of state support in cinematography. The foundation of an independent audiovisual fund will follow as a more definite answer for securing a wider amount of available resources as well as for creating efficient management, use and control of the allocations.

Due to changes in the formation of the committee, the grant program of the Ministry of Culture of SR AudioVision will sustain partial

modifications regarding project evaluation criteria. Initiated by the Slovak Audiovisual Producers' Association, these changes should lead to a combination of an automatic and selective process in project evaluation, ensure the continuity of financial support for film projects in separate phases of production and realization as well as add emphasis on international film co-productions.

The highest financial support was granted to the following projects:
